## Important Notice

MageWorx reserves the right to make corrections, modifications, enhancements, improvements, and other changes to its products and services at any time and to discontinue any product or service without notice. Customers should obtain the latest relevant information before placing orders and should verify that such information is current and complete. All products are sold subject to MageWorx' terms and conditions of sale supplied at the time of order acknowledgment.

MageWorx warrants performance of its products to the specifications applicable at the time of sale in accordance with MageWorx' standard warranty. Testing and other quality control techniques are used to the extent MageWorx deems necessary to support this warranty. Except where mandated by government requirements, testing of all parameters of each product is not necessarily performed.

MageWorx assumes no liability for applications assistance or customer product design. Customers are responsible for their products and applications using MageWorx components. To minimize the risks associated with customer products and applications, customers should provide adequate design and operating safeguards.

MageWorx does not warrant or represent that any license, either express or implied, is granted under any MageWorx patent right, copyright, mask work right, or other MageWorx intellectual property rights relating to any combination, machine, or process in which MageWorx products or services are used. Information published by MageWorx regarding third-party products or services does not constitute a license from MageWorx to use such products or services or a warranty or endorsement thereof. Use of such information may require a license from a third party under the patents or other intellectual property of the third party, or a license from MageWorx under the patents or other intellectual property of MageWorx.

Resale of MageWorx products or services with statements different from or beyond the parameters stated by MageWorx for that product or service voids all express and any implied warranties for the associated MageWorx product or service and is an unfair and deceptive business practice. MageWorx is not responsible or liable for any such statements.

All company and brand products and service names are trademarks or registered trademarks of their respective holders.

## Extension Description

**Currency Auto Switcher** extension enables multi-currency Magento stores to automatically switch store currency for visitor based on visitor's IP address geographical location. Visitor may then switch the currency to a preferred one.

The extension also allows Magento store owners to see online visitors' and customers' IP addresses geographical location to get real-time information about your online visitors and to protect a store from fraudulent orders. Extended IP address information is available for the 'Order View' page and 'Online Customers' grid.

The extension is based on MaxMind Geolocation Technology and uses MaxMind GeoIP database to lookup the information.

## Extension Installation

- 1 Log out from Magento Admin panel if you are logged in
- 2 Unpack the contents of the 'extension' folder from the package file purchased from MageWorx to your Magento root folder
- 3 Log into Magento Admin Panel
- 4 If Cache Control is enabled in Magento go to 'System > Cache Management' section, select 'Refresh' under 'All Cache' drop-down menu and press 'Save Cache Settings'
- 5 Now go to 'System > Configuration > MageWorx tab > Extensions & Support' section. If you see 'Currency Auto Switcher' in the list of installed MageWorx extensions you are done.

Extensions Information	
<b>Installed MageWorx Extensions</b>	
MageWorx Admin	v1.1.1
Currency Auto Switcher	v1.0.0

## Extension Usage

- 1 First, log into Magento Admin panel and go to 'System > Configuration > MageWorx tab > Customers > GeoIP Location' section to configure the extension
- 2 The extension supports two GeoIP database types: GeoIP Country and GeoIP City. GeoIP Country is the default available database type. You may use GeoIP City database but first you need to download an appropriate database file. For more information please refer to MaxMind website <http://www.maxmind.com/app/ip-location>
- 3 Once configured currency will be switched automatically when new visitor enters your store
- 4 Go to 'Customers > Online Customers' section to see the locations of online customers or 'Sales > Orders' section to see where an order was originated from

## Support

MageWorx offers FREE lifetime support and updates for any extension developed for Magento.

If you need support related to MageWorx extension usage, feel free to contact us at [support@mageworx.com](mailto:support@mageworx.com)

Or send us a message directly from your Magento Admin Panel. To do it, go to 'System > Configuration' section, 'MageWorx' tab 'Extensions & Support > Get Support'.

The screenshot shows a 'Get Support' form with the following fields and elements:

- Get Support** (Section Header)
- Contact MageWorx Support Team or visit [Mageworx.com](http://Mageworx.com) for additional information** (Instructional text)
- Contact Name** (Text input field)
- Contact Email** (Text input field)
- Subject** (Text input field)
